

**You are not alone.
You do not need to choose
between faith and yourself.**

Many of us once believed that to survive, we had to leave our faith behind. Some were told we were sinful, shattered, confused — or simply too much ourselves.

Some stayed away from church for years. Some stayed silent. Some hid themselves, layer by layer, between family, work, city, and faith, trying to become acceptable enough to be loved.

We thought peace required partition; that safety meant cutting ourselves apart.

Yet slowly, softly, many of us came to know:

God has not gone.
God has not turned away.
God has never condemned love held in equal covenant.

In lonely nights, in sleepless doubt, in moments when faith almost faded, love remained.

For more than thirty years, this church has stood because we believe:

every sexual and gender minority, in the eyes of God, is worthy of love, worthy of being seen, worthy of being understood, and worthy of belonging to a community of faith.

I am come that they
might have life, and
that they might have
it more abundantly.

John 10:10

Founded in 1995, our community grew from a group of LGBTQ+ Christians who began journeying together in 1992 through the religious sub-group of the Hong Kong Ten Percent Club.

For more than thirty years, we have accompanied people in Hong Kong through questions of faith, identity, and life. Here, some have come to know God anew.

Some have returned to faith after years away from church. Some have finally found a place where they no longer need to hide.

We believe faith should not be built on fear, but nurtured through questions, reflection, dialogue, and gentle listening. We believe God's love is not conditional upon sexual orientation, gender identity, age, race, background, or past.

✝ **God loves you.** ✝
You are not alone.

May the gospel that creates, builds up, molds, and changes enter into your life. We walk alongside at each stage of your journey of faith.
